UPPER RUM RIVER WATERSHED MANAGEMENT ORGANIZATION (URRWMO)

DATA PRACTICES POLICY

RIGHT TO ACCESS PUBLIC DATA
The Data Practices Act (Minnesota Statutes, Chapter 13) presumes that all government data are public unless a state or federal law says the data are not public. Government data is a term that means all recorded information a government entity has, including paper, email, CD-ROMs, photographs, etc. The Data Practices Act also provides that URRWMO must keep all government data in a way that makes it easy for members of the public to access public data. The public has the right to look at (inspect), free of charge, all public data that URRWMO keeps. The public also has the right to get copies of public data. The Data Practices Act allows URRWMO to charge for copies. The public has the right to look at data, free of charge, before deciding to request copies.

HOW TO MAKE A DATA REQUEST
To look at data or request copies of data that URRWMO keeps, the public must make a written request. Written requests for data must be to the appropriate individual listed in Data Practices Contacts. Written request for data may be by mail, fax, or email using the data request form in the appendix. If the data request form is not used, the written request must include:

• a statement that the request for data is under the Data Practices Act, MN Statutes, Chapter 13;
• whether the request is to look at the data, get copies of the data, or both; and
• a clear description of the data to be inspected and/or copied.

URRWMO cannot require members of the public to identify themselves or explain the reason for the data request. However, depending on how the data request is to be processed (for example, emailed or mail), URRWMO may need contact information. If no identifying information is provided by the public, it will be the responsibility of the public to contact URRWMO to check on the status of the request. If URRWMO does not understand the request and has no way to contact the requesting party, URRWMO will not be able to begin processing the request.

HOW URRWMO RESPONDS TO A DATA REQUEST
Upon receiving a written request, URRWMO will work to process it.

• If URRWMO does not have the data, the requestor will be notified in writing as soon as reasonably possible.
• If URRWMO has the data, but the data are not public, URRWMO will notify the requestor in writing as soon as reasonably possible and state which specific law says the data are not public.
• If URRWMO has the data, and the data are public, URRWMO will respond to requests appropriately and promptly, within a reasonable amount of time by doing one of the following:
  o arrange a date, time, and place to inspect data, for free, if the request is to look at the data, or
  o provide the requestor copies of the data as soon as reasonably possible. Copies may be picked up, mailed, emailed or faxed. If requestors want copies to be delivered to them, sufficient contact information will be required to do so. We will provide electronic copies (such as email or CD-ROM) upon request if we keep the data in electronic format. URRWMO will provide a quote for the copy fees based on the request as detailed in the Copy Costs section below.

The Data Practices Act does not require URRWMO to create or collect new data in response to a data request if URRWMO does not already have the data, or to provide data in a specific form or arrangement if
URRWMO does not keep the data in that form or arrangement. For example, if the data requested are on paper only, URRWMO is not required to create electronic documents. If URRWMO agrees to create data in response to requests, URRWMO will work with the requestor on the details of the request, including cost and response time. In addition, the Data Practices Act does not require URRWMO to answer questions that are not requests for data.

**REQUESTS FOR SUMMARY DATA**
Summary data are statistical records or reports that are prepared by removing all identifiers from private or confidential data on individuals. The preparation of summary data is not a means to gain access to private or confidential data. URRWMO will prepare summary data if requests are made in writing and pre-payment for the cost of creating the data is received. Upon receiving written requests using the data request form in the appendix, URRWMO will respond within twenty business days with the data or details of when the data will be ready and how much will be charged.

**COPY COSTS**
URRWMO charges for copies of government data, including staff time, materials and copy expenses. These charges are authorized under Minnesota Statutes, section 13.03, subdivision 3(c). Copy charges and hourly rates for staff time are quoted upon request. The charge for is the actual cost of searching for and retrieving the data, and making the copies or electronically transmitting the data (e.g. sending the data by email). In determining the actual cost of making copies, URRWMO factors in time, the cost of the materials onto which the data are copied (paper, CD, DVD, etc.), and mailing costs (if any). If requests are for copies of data that URRWMO cannot reproduce internally, such as photographs, the actual cost paid to an outside vendor to make the copies will be charged.
**DATA REQUEST FORM**

URRWMO

Date of request: ______________

I am requesting access to data in the following way:

☐ Inspection  ☐ Copies  ☐ Both inspection and copies

Note: inspection is free but URRWMO charges for copies when the cost is over $2.00.

This is the data I am requesting:

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

Note: Describe the data you are requesting as specifically as possible. If you need more space, please use the back of this form.

Contact Information

Name: _________________________________________________________________

Address: __________________________________________________________________

__________________________

Phone number: __________________________________________________________________

Email address: __________________________________________________________________

You do not have to provide any of the above contact information. However, if you want us to mail you copies of data, we will need some type of contact information. In addition, if we do not understand your request and need to get clarification from you, without contact information we will not be able to begin processing your request until you contact us.

URRWMO will respond to your request as soon as reasonably possible.
